Using a Fire Extinguisher
# Types of Fire Extinguishers

## Dry Chemical
- **CLASS A**: Ordinary combustibles: wood, paper, rubber, fabrics and many plastics
- **CLASS B**: Flammable liquids & gases: gasoline, oils, paint, lacquer and tar
- **CLASS C**: Fires involving live electrical equipment

## Co2
- **CLASS A**: Ordinary combustibles
- **CLASS A: B**: Ordinary combustibles and flammable liquids & gases
- **CLASS A: B: C**: Ordinary combustibles, flammable liquids & gases, and fires involving live electrical equipment

## Water
If You or Someone Catches on Fire...

- **STOP DROP and ROLL**
- Do what you can to get the person down to the ground
- Use water from the sink and/or wet towel
- Use the fire extinguisher
Butane Torches

Authorized Personnel List for Filling Butane Torches

PURPOSE: Butane torches are ONLY to be filled by the personnel on this list. Torches should be filled by the “Primary” list first. If a person from the “Primary” list is not available someone from the “Secondary” list may fill empty butane torches.

AS OF FEBRUARY 2017: Personnel on this list have been properly trained in filling butane torches
